

In Vino Veritas... In wine, the truth

At Sage Bistro, we whole heartedly endorse the Philosophy that food is to be enjoyed with wine and that no meal should pass without a glass of vino. Not only does it enhance the flavours of our kitchen's creations, but it is also good for both your health and your soul. We take great pride in the following selections as they both unique and provide outstanding value.
Cheers!

"The sway of wine over mankind is unquestionably due to its power to stimulate the mystical faculties of human nature"
